

Estuate helps IPSoft move to an integrated cloud ERP platform

Estuate helps IPsoft is a disruptive technology company, pioneering innovation in the development and delivery of autonomic and cognitive technologies. It is an IT Infrastructure service provider where about 56 percent of all client problems are resolved without human intervention. The company automates thousands of IT and business processes for enterprises across a wide range of industries.

IPSoft move to an integrated cloud ERP platform

ESTUATE

1. Business Challenge

IPSoft's growing business operations demanded them to:

Get rid of their legacy systems like Solomon, QuickBooks, Tally etc.

Move to a solid state, single ERP application for seamless performance

Improve productivities across back office operations and meet compliance standards

2. Estuate Solution

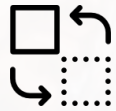

Estuate developed a scalable ERP solution to integrate their business operations effectively.

- Implemented PeopleSoft 9.0 as an integrated ERP solution
- Implemented Financials and Supply Chain modules to optimize purchasing, accounts payables and receivables, asset management and ledger recording
- Introduced an Expense Management process and supported compliance management

3. Business Impact

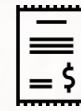

IPSoft experienced some tangible business benefits since Estate's ERP solution was implemented.

An integrated ERP application for multiple Legal Entities across geographies

Seamless consolidation of books of accounts using PeopleSoft Financial Consolidation

Centralized Invoice Processing, Inter-Unit and Transfer Pricing, multi-currency transaction recording and processing

Expense claim processing and management for 700+ employees and standardized MIS reporting

Testimonial

//

Estuate's integrated ERP solution helps us manage disparate processes and departments effortlessly. We're more than happy with the way the solution is optimizing our enterprise management.

- Project Manager, IPSoft Inc.
